# CLOUGHAN VIEW

Life, lived well.

Cloughan View typifies modern living in the Braidwater style. Located a short distance from the M2 and only minutes from Ballyclare town centre, home owners will benefit from living in the country on the edge of the suburbs, with easy metropolitan access. Uniquely designed homes will blend into the existing landscape and the carefully planned layout will create a sense of community. This is the Braidwater way, this is life, lived well.

Well designed.

The design of Braidwater's homes is intricate and detailed. From the clever use of space in the kitchen to bright, airy rooms, no aspect of modern life has been overlooked. Secluded gardens offer a peaceful sanctuary and when combined with space and green areas throughout the development, it will allow families the peace of mind that their children will have room to play on their doorstep.

## Energy efficiency

Braidwater's homes are highly energy efficient, easy to heat with low costs due to factory driven modular construction techniques. High performance double glazing, composite doors, quality wall, roof and floor insulation, floating floor techniques and sound proofing are all utilised to deliver a high quality, energy efficient product.

## Community

Braidwater is proud of the growing community spirit intertwined in its new developments across Northern Ireland. Building new homes is more than just bricks and mortar. It's also about creating thriving new communities where people can live, work and play together. The extra thought and effort is dedicated to building new developments with community and families in mind.

## Ecological benefits

Grassland, hedgerow and scattered standard tree planting are an intricate part of the development, providing significant biodiversity enhancement and delivering opportunities for a range of wildlife species.

## Architecture

The development will include a range of semi and detached homes which are classically styled, with a variety of house types offering traditional architectural detailing.

## Views

Urban living effortlessly blends with rural landscapes, with Cloughan View's perfect location on the outskirts of Ballyclare and surrounded by green fields of the Antrim countryside.

An aerial photograph of a complex highway interchange with multiple overpasses and ramps, set against a backdrop of green fields and a cloudy sky. The text "Well connected." is overlaid in the center in a white serif font.

Well connected.

Cloughan View's location on the new Jubilee 'link' road in Ballyclare is perfect for commuting locally, to Belfast and further afield.

A peaceful suburb in a highly popular area, you're not too far away from the town centre, leisure parks, retail parks, the hospital, schools and all of the local amenities.

## Antrim Coast & Glens

The beauty of the Antrim Coast & Glens is only a short drive away, with the coast from Larne to Ballycastle an area of outstanding natural beauty. The Giant's Causeway and Carrick-a-Rede rope bridge are also easily accessible along with the popular seaside towns such as Portstewart and Portrush.

## Ballyclare Rugby Club

Our new development is heavily linked to the Rugby world and in close proximity to the grounds of Ballyclare Rugby Club, The Cloughan.

It's that close, we've named one of our house types after The Cloughan, plus the Club is so handy for watching the big games, or bringing the kids along to weekly training.

## Six Mile Water Park

This attractive town park, with the Six Mile Water River gently flowing through it, offers an open lawn area with meadowland, walkways, play park and outdoor gym equipment making it an ideal destination for an enjoyable day out.

## Ballyclare Town Centre

The town is home to an exciting mix of high street stores, independent shops and the popular array of restaurants and coffee shops with everything you need literally on your doorstep.

## Sports and Leisure

For those who like to keep fit, you'll find a range of sports and tennis clubs catering to all age groups. The popular Leisure Centre is a hive of activity with everything from classes to badminton.

For amateur golfers there is an array of golfing options, from Ballyclare to Greenacres and the Kingfisher Country Estate in Templepatrick.

## Education

Like any good town, a wide range of primary, secondary and grammar schools are available within a short distance. If students make the decision to progress, the options in Belfast are endless and a huge opportunity to further their education without venturing too far.

## Public Transport Links

Residents at Cloughan View will benefit from easy access to Ballyclare with a bus stop on the doorstep of the development and a good alternative to the car. From Ballyclare, a range of public transport links will allow you to make decisions on your carbon footprint.

## M2

The new Jubilee 'link' road allows you direct access to the M2 within 5 minutes of leaving your home, avoiding the town centre and Doagh. Once on the M2 you have a 15 minute journey East to Belfast City Centre and surrounds or to the West you have Antrim, Mid Ulster and the new A6 to the North West.

No matter where your end journey is, Cloughan View's ease of access to the M2 will allow you the luxury of getting to your final destination, sooner rather than later.

Well appointed.

We're famous for our exceptionally high standards and Cloughan View will be no different. Our homes are much more than simply bricks and mortar or glass and timber put together well. It's the fit and finish that sets us apart. From our homely turnkey packages to luxurious upgrades, every home oozes quality and well-considered class.

This is backed up by our NHBC award winning site managers and teams who have achieved regional and national success as they demonstrate incredible dedication, passion, commitment and leadership to produce homes of exceptional quality.

## Wood Floor

Upgrade to our wood style floor option to your lounge.

Hard-wearing and easy to clean it's the perfect upgrade to personalise your home

## Stylish Coving

Always a popular upgrade, you can add your own stamp to your new home and finish rooms classically with our stylish coving packages (excludes ensuite & main bathroom)

## Upgrade

To discuss an upgrade please speak to our selling agent for further details.

Please note: In the case that our suppliers discontinue a product, Braidwater Homes will supply a product of equal quality and value. All specification images are from Braidwater Homes 'show homes' and are for illustration only. Standard specification and upgraded options are correct at time of going to print but maybe subject to change during construction

# A new era in energy efficiency

Homes that lower your maintenance and running costs

Kore EPS floor insulation is manufactured with sustainable and 100% renewable raw material

## Sustainable and low carbon materials

Braidwater's homes produce 36% less CO2 in construction than the average home through efficient use of innovative, sustainable materials.

Materials such as FSC timber and the groundbreaking low carbon EPS floor insulation, along with lean production methods to minimise waste, are all key elements of your home design.

An example of Kore EPS reduction of CO2 emissions:

**90%** in raw material production

**60%** in the manufacturing of insulation

Braidwater is proud to say our homes are leading the way in driving down the CO2 in house delivery and lifetime cost.

## Solar PV Panels

All homes at Cloughan View will be complete with PV panels. The location and number of panels is determined by computer modelling in order to optimise the efficiency levels. This will allow our home owners to produce their own renewable electricity.

## Green Mortgages

Typically, green mortgages offer home-seekers an incentive to buy an energy-efficient house and are usually available for new builds that meet specific criteria such as an energy performance certificate (EPC) rating of A or B.

Braidwater builds homes which meet this criteria, so ask your financial advisor about your green mortgage options.

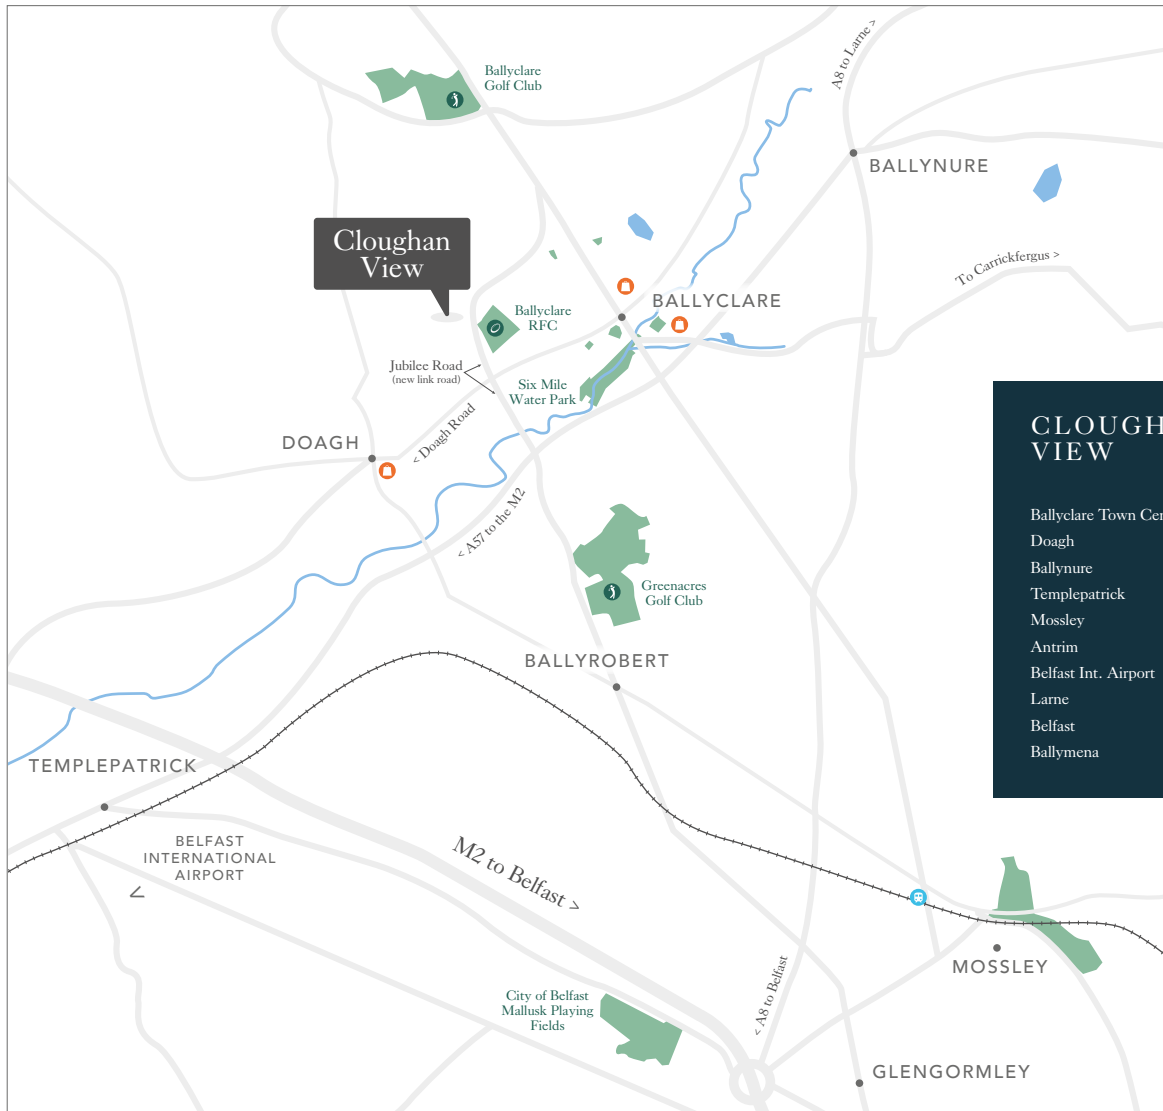

## Energy Efficiency

Our perfected timber frame off site system uses the latest technology to carefully model every aspect of insulation and detailing in our homes. This allows Braidwater to create some of the most energy efficient, low cost, maintenance homes on the market.
